Dear Secretary Searcy:

Re: PR Docket 92-235

Enclosed is a letter I have received from a constituent wishing to comment on the proposed revisions to the Private Land Mobile Radio Services (PR Docket 92-235). I respectfully ask that this letter be made a part of the record.

Warmest regards,

Nancy Landon Kassebaum
United States Senator

Senator Nancy Kassebaum
Room 302 Russell Bldg
Washington, D.C.

Dear Senator *Kassebaum*

In regard to the proposed rule making PR Docket 92-235 which if enacted would severely limit and potentially eliminate a very important hobby of mine -- Radio Controlled Model Airplanes.

I own seven pieces of radio equipment and accessories worth approximately \$2,000. This equipment would be rendered unusable if this frequency assignment is adapted.

Please understand that many model airplanes have wing spans up to 10 feet and weigh as much as 40 lbs. The models themselves are expensive to build, but more to the point they are capable of causing property damage and serious injury if radio interference causes the operator to lose control of the craft.

We often fly our models at organized events where hundreds of spectators and operators are present.

Please help me to continue the safe enjoyment of my pastime by not allowing the FCC to carry out it's porposals.

Sincerely,

Scott S. Allen
